Event Rules

Please Obey All Instructions from Our Marshals

Marshals can be identified by their reflective safety vests or badges. These volunteers are here to keep you safe in the designated spectator locations. If you bring a dog they must be kept on a leash at all times.

Please Respect Our Landowners

They have graciously allowed us to use their property so that we may continue racing on the best rally roads in North America. We are the guests of Green Diamond Resource Company, and they ask us to follow a few simple rules:

- NO SMOKING
- NO ALCOHOL
- PLEASE STAY IN DESIGNATED SPECTATOR AREAS
- PLEASE KEEP THE FOREST CLEAN

A message from our Land Owner.... Welcome, competitors and spectators to Green Diamond Resource Company's private working forest lands in Washington State. Green Diamond harvests patches of forestland each year to provide wood products to a worldwide marketplace. At the same time, these working forests protect clean water and soils, sequester carbon while producing clean air, provide habitat for fish and wildlife and, of course, give us open space for recreation. Enjoy.

Parking

Parking will be very limited at viewing locations. We highly recommend carpooling.

Enjoy the Rally Experience

Olympus Rally fans are some of the hardest spectators in North America. They brave the elements to witness the challenges the competitors face when battling each other and the clock over the most demanding stages the American Rally Association National Championship can offer. The chance to witness the extraordinary talents of the drivers inevitably leads to an assault on the senses: the noise of the engines, the smell of race fuel, the glow of the brakes, and the flying of gravel. For many, this is what attracts them to the Olympus Rally.

Find your spot in the designated spectator location, take lots of video and pictures, and bring the noise (e.g. cowbells, horns, whistles and your voices)! Let the drivers know that they have entered the spectator area.
